Comments : The **Lagoon 50** is a pleasure catamaran offering a perfect balance between comfort, performance and space. This model, built by the Lagoon shipyard, stands out for its impressive features and high-end equipment.

This 2018 catamaran, currently for sale in Valencia, Spain, for ?790,000 excluding taxes, is made of GRP Poly material. It measures 14.76 meters long and 8.10 meters wide with a draft of 1.20 meters, making it an ideal option for navigation in shallow waters. The Lagoon 50 is powered by two Yanmar engines, recently renewed in 2023, which guarantees optimal reliability and performance.

This Lagoon 50 model has four double cabins and a crew cabin, offering exceptional on-board living comfort for cruises with family or friends. Equipment includes a 2023 generator, solar panels, hot water, and electric toilets, not forgetting hot-cold air conditioning which ensures thermal comfort in all seasons.

In terms of electronics, the Lagoon 50 is well equipped with GPS, chartplotter, autopilot and watermaker. It also has an electric windlass, davits, and a rear platform, thus facilitating maneuvering and access to the water.

Compared to its competitors, the Lagoon 50 stands out with its modern design and luxurious amenities. It offers exceptional habitability thanks to its vast living spaces, both inside and outside. The model is also renowned for its stability and performance at sea, making it a preferred choice for sailing enthusiasts looking for a blend of comfort and performance.

In summary, the Lagoon 50 is a versatile and well-equipped catamaran model, ideal for extended cruises and fun at sea. Its comfort and performance make it a great option compared to other catamarans in its class.

The price of this unit, currently used for charter, is displayed excluding taxes.
