Comments : PRINCESS 360 - Elegance and performance on the water

The Princess 360 is an iconic speedboat, combining refinement, comfort and performance, ideal for boaters looking for unique marine sensations. Manufactured by the prestigious Princess Yachts shipyard, this 11.60 meter boat offers a luxurious sailing experience, whether for day trips or longer cruises.

With its width of 3.70 meters, the Princess 360 offers a generous and well-organized living space. Its spacious cockpit and ergonomic flybridge allow you to enjoy every moment at sea, whether sailing or at anchor. The elevated cockpit offers perfect visibility, guaranteeing total navigation control in all conditions.

Reliable and robust performance

Beneath its sophisticated appearance, the Princess 360 hides powerful mechanics. It is equipped with two Volvo Penta TAMD 36L engines with a total power of 636 HP and 2000 operating hours, which allow navigation at fast and stable cruising speed. These engines, regularly maintained, ensure smooth performance and exceptional responsiveness, whether for long crossings or maneuvers in port.

A layout designed for comfort

The interior of the Princess 360 is a true haven of peace. This model has two spacious double cabins, allowing four people to be comfortably accommodated for extended stays on board. The owner's cabin at the front is particularly well designed, with a central double bed and clever storage to maximize space.

The bright living room offers a perfect relaxation space, with a modular table and comfortable seating, able to accommodate several guests. The saloon upholstery was redone in imitation leather fabrics in 2019. The well-equipped kitchen below the saloon has everything you need to prepare meals on board, with a refrigerator with a freezer compartment, a micro oven -waves and a gas hob, making your stay at sea pleasant and convenient.

The Princess 360 is also equipped with a bathroom with separate showers, ensuring optimal comfort for guests, whether at anchor or while sailing.

State-of-the-art navigation equipment

The Princess 360 is equipped with all the necessary electronic equipment to ensure safe and precise navigation. It has a multifunction GARMIN SVX 12 GPS integrating fishfinder, chartplotter, AIS, and radar. A 2nd GARMIN GPS is installed on the flywheel. An autopilot to simplify the management of your cruises. A VHF ensures clear and reliable communication at sea, and the bow thruster makes maneuvering in ports easier, even in difficult conditions.

The cockpit has its seat upholstery and back splash as well as a complete rear closing cover and a bimini on the fly.

Available immediately, ready to sail

The Princess 360 is available now and has benefited from careful maintenance by its current owner, giving you the opportunity to set sail immediately with a boat in perfect working order. Whether you are looking for a yacht for cruises with family or friends, this model will meet all your expectations thanks to its remarkable comfort and performance.
