Owner's Comments

Timeless Beneteau Swift Trawler 34 sold by its first owner. The interior volume of this boat is impressive and worthy of a boat of much greater length.

Boat equipped with a "slap ass" derrick whose boom can be used both to establish a sun awning and to receive a "slap ass" sail.

In absolutely impeccable condition, better than new because it has been tested in on all levels. Ready to set sail.

2 cabins, convertible lounge

the headroom in the saloon of this swift trawler 34 is 1.96m

the headroom in the front cabin of this swift trawler 34 is 1.95m

the headroom in the passenger cabin of this swift trawler 34 is 1.85m

Antifouling and complete engine overhaul carried out in June 2024.

8 batteries.

All maintenance invoices since the purchase of the boat are available and will be given to the buyer of the boat. This Beneteau Swift Trawler 34 is a very popular model with over 350 units sold, offering comfortable accommodation for 4 people in 2 cabins with double berths and a sofa convertible into a double berth in the saloon.

This is a marine model based on an attractive semi-displacement hull with chines, which allows comfortable movement over a wide speed range. The boat is suitable for both long offshore voyages and coastal navigation and can cruise at speeds of up to approximately 20 knots. The reliable 425hp Cummins diesel engine with shaft drive ensures an economical running cost, with consumption of around 1L/Nm at speeds up to 7 knots.

This Swift Trawler 34 has a safe and extremely spacious flybridge, including a bench seat for four people, a driver's seat and a large sundeck, all with an exceptional view.

The boat is extremely well equipped and has all the options available at the time of purchase in March 2016: ?Lounge 2016? finishes including:

- A 1000 w windlass;
- A pump for washing the deck and the Fly;
- An E97 multifunction screen with plotter, GPS, depth sounder in the interior wheelhouse;
- An E95 multifunction screen for the Fly;
- A white lacquered loading boom;
- A sun lounger mattress at the bow with PVC upholstery;
- A quayside water intake with pressure reducer;
- A deck searchlight;
- Covers to protect the elements of the Fly;
- The complete Electronic 2016 pack (VHF RAYMARINE 260 E coupled to the AIS 650 receiver, Raymarine P70R autopilot, P70R autopilot repeater on the fly, substitution inside the screen E 97 by E 127);
- Complete mooring system.
