Divers

Comments : A prestigious yacht which marks a new era in the history of ocean cruising sailboats. The Oceanis 46 is an unequivocal invitation to the pleasure of design, comfort and performance. The hull and deck plan are signed by the Berret-Racoupeau firm. From their designs was born a sailboat with remarkable marine qualities, a maritime and reassuring temperament and a fluid and attractive aesthetic. The architecture and interior design are by Nauta Design. This great Italian name, which is a reference in the world of super yachts, has accompanied the Oceanis 46 towards its true personality: contemporary lines where brightness, comfort and well-being are masters on board. This unit is in very good condition and ready to depart from Tahiti, French Polynesia for new adventures in the South Pacific
