## Divers

Owner's Comments : This Flyer 701 built by BENETEAU is designed for coastal cruising.

It has many advantages, in particular its 4 beds and its kitchen.

Sold with its trailer, it does not require space in port, which is actually a plus.

The owners, who are very busy professionally, use it very little, which explains the few engine hours.

200 hours for a Volvo which has a reputation for robustness.

This boat is functional, easy to maneuver and transport.

This flyer 701 has always been maintained by the owners. It is immediately ready for sailing
