

Main datas

Builder : Sealegs
Year : 2006
Length : 5,60
Draft minimum : 0,50
Hull : Monohull
Area : France Brittany Northern
Berth details :
Flag : France

Subtype :
Architect :
Material : Hypalon-neoprene
Beam : 2,48
keel : Unknown
Life Raft : No
Mooring : No
Leasing in progress : No

Engines

Model : DF-90A
Montage : HB (OB)
Power Unit. (CV) : 90
Hours : 0
Tank : 80

Brand : SUZUKI
Fuel : Gas/petrol
Engine(s) : 1
Comments : 2022 OUTBOARD MOTOR- SUZUKI - DF90 ATX model - 90 HP- outboard - essence- fuel capacity of 80 liters- engine year: 2022- maximum speed: approximately 35 knots

Shaft : Outboarder

Facilities

Sailor Cabin : 0

WC : Sailor

Helm : No

Double Cabin : 0

Head : 0

Berth : 0

Flybridge : No

Electronics

Radar details :

Pilot details :

Sounder details : HUMMINBIRD HELIX 7 fishing sounder (recent)

GPS details : GPS, plotter, depth sounder HUMMINBIRD

Plotter details :

Converter 12/220 : No

Watermaker details :

Radar : No

Autopilot : No

Sounder : Yes

GPS : Yes

Chartplotter : Yes

VHF : Yes

Watermaker : No

Bridge equipment

Hydraulic Gangway : No

Bath platform : No

Winter cover : No

Sprayhood : No

Teak cockpit : No

Sails details :

Gangway : No

Davits : No

Electric windlass : No

Cockpit awning : No

Teak deck : No

Spinnaker : No

Major equipment

Stern thruster : No

Group and thruster details :

Charger and AC details :

Black Water : No

Tender : No

Details :

Divers

Comments : Manufacturer: SEALEGS
Model: SEALEGS AMPHIBIOUS RIB 5.6
Year of manufacture 2006
Complete refit of the boat 2022 new engine and 2024
Inflatable semi-rigid
Aluminum hull with four-chamber inflatable tubes
overall length: 5.60 m
hull length: 4.80 m
width: 2.48 m
draft: min 0.50 m / max 0.82 m with engine lowered
weight: 890 kg (excluding engine)
category: C - 8 people

PROPULSION / ENGINE:

Outboard motor
Engine year: 2022
Suzuki DF90 ATX
Power of 90 HP
Aluminum propeller 3X13.7/8X15 RR
fuel capacity of 80 liters
cruising speed approximately 25 knots
maximum speed approximately 35 knots

Sealegs amphibious boats were designed as a solution to a problem.

The problem: all the hassle and time it takes to launch and retrieve a boat from an oceanfront property or boat ramp.

The solution: Sealegs, which move on land without compromising performance on the water.

Using patented amphibious technology, Sealegs move on land and, with the press of a button, quickly transform into high-performance, uncompromising powerboats on the water.

No more waiting in lines at boat ramps, no more backing up on trailers, no more catching tides.

Sealegs solves all these problems and more.

Sealegs owners report that their boat is used up to 4 times more after switching to Sealegs, and it's easy to see why.

For the uninitiated, the Sealegs is a boat capable of rolling on dry land with the push of a button

The 'legs' part of the Sealegs equation is hydraulically driven.

There are three legs that swing down from their locked position when needed, with the two at the back having drive units that can push the Sealegs at around 10km/h when on land.

The Sealegs 5.6m is the ideal general purpose day boat for fishing, water skiing and diving - the perfect boat for anyone who lives close to the beach as they have been specially designed and built to simplify putting to water and recovery.

The perfect solution for one-handed operation, giving one person the freedom to launch their boat themselves whenever they want.

Ideal for oceanfront beach properties

The boat leaves the shipyard after a complete refit costing over ?50,000

"Pneumatic, 2022 HB engine with less than 100 hours of operation, new upholstery seat, new tracer depth sounder, motorization on hydraulic system, new wheels and rims etc.)

In perfect working and used condition

Presentation and tour of the boat in video on request
