Comments : Ferro Cement Ketch: An Ideal Choice for Good DIYers.

Ketch in ferrocement from 1975, visible in Martinique, measuring 47 feet, 55 hp Perkins engine and offered at a low price.

This great cruising sailboat requires a complete renovation.

This heavyweight of the seas is well suited for round-the-world travelers thanks to its safety at sea.

It is also suitable for natural, environmentalist families and could delight a diving club or a training center.

After restoration, it can take you to new discoveries.
