Divers

Comments : The Feeling 36 DI is a cruising sailboat that stands out for its elegant design and its performance at sea. Designed by the famous naval architect Michel JOUBERT assisted by Patrick ROSEO, this model is appreciated for its ease of navigation and its comfort on board.

With a length of 11 meters, it offers generous space for cruises with family or friends. Its cockpit is spacious, allowing good circulation, and its interior is well laid out, with comfortable cabins and a functional kitchen.

The Feeling 36 DI is also known for its good stability and ability to sail in various weather conditions, making it a popular choice among sailors.

This 2007 model is a first hand which the owner regretfully parted ways with due to health reasons.

It is equipped with a VETUS 75 bow thruster, an EPIRB1 beacon with GPS from 2015, a 6-seater SEASAFE ISO 9650 life raft from 2024, a RAYMARINE navigation unit, a GPS PLOTTER RAMARINE C80 in addition to the original FURUNO GPS, radar and RAYMARINE autopilot.

A teak cockpit, a gray water tank, 2 mooring lines, an inflatable bottom tender with its outboard engine complete its equipment.

Invoices and visit on request.
