Technical Details

NAUTICAT 33

The Nauticat 33 is a versatile sailboat designed by Siltala Yachts in Finland. This boat is renowned for its robustness, comfort, and sea performance. It is ideal for sailors seeking a balance between performance and comfort for coastal cruises or longer voyages.

Main Characteristics

- Length Overall (LOA): 10.03 meters -
- Hull Length (LWL): 9.96 meters -
- Beam (B): 3.20 meters -
- Draft (T): 1.60 meters -
- Displacement: 6.5 tonnes -
- Cockpit Hatch: Yes -
- Fuel Capacity: 100 liters -
- Fresh Water Capacity: 200 liters -

Construction

The hull of the Nauticat 33 is constructed with fiberglass and polyester reinforcement, offering excellent resistance and durability. The keel is made of lead, ensuring good stability and seaworthiness.

Performance

The Nauticat 33 is equipped with a Volvo Penta MD2030 diesel engine of 28 hp, offering good range and moderate fuel consumption. The sailboat is also equipped with a wheel steering system, facilitating maneuvering and control of the boat.

Comfort and Equipment

Inside, the Nauticat 33 offers a comfortable living space with a main cabin, a well-equipped kitchen, and a complete bathroom. The cockpit is spacious and provides good protection from the elements, ideal for long days at sea.

Safety

The Nauticat 33 is equipped with numerous safety devices, including navigation lights, a smoke and gas detection system, and fire extinguishers. The robustness of the construction and the stability of the boat make it a safe choice for sailors.

Conclusion

The Nauticat 33 from Siltala Yachts is a versatile and reliable sailboat, perfect for sailors seeking a balance between performance and comfort. With its robust technical characteristics and comfortable living space, it is ideal for coastal cruises and longer voyages.
